What is the value of maintaining a Liquor or Wine Locker vs. ordering from the bar?

Having a Liquor or Wine locker is an exclusive Club experience that isn't available at restaurants or hotels. Members who entertain often enjoy treating their close friends, important clients, and valued colleagues to a drink from their personal collection.

Purchasing bottles of spirits or wine is often more cost-effective than ordering the equivalent amount from the bar by the ounce or glass.

Can I bring a bottle of wine in to store in my locker?

Yes; you may bring your own bottle of wine to the Club to consume during your dining experience. The wine must be unopened and commercially produced. Please note there is a \$40 corkage fee per bottle.

Can I bring a bottle of spirits or beer to store in my locker?

No; spirits (hard liquor) and beer must be purchased through the Club.

Am I able to keep spirits in my Wine Locker and wine in my Liquor Locker?

You may keep wine in your Liquor Locker but because they are not temperature-controlled it is not recommended for long-term wine storage. Because our wine lockers only permit bottles to be stored on their sides, you may not keep open bottles of wine or spirits in them.

I have too many wine bottles to fit into my locker. Is there another space I can store them?

Yes; we will permit you to keep an extra 12 bottles in our cellar. If you need access to those extra bottles, simply ask a team member for assistance.

Where can I find glassware or a corkscrew to open my bottle?

The Member's Lounge is fully staffed. Our team can provide you with corkscrews, glassware, ice buckets, decanters, etc. If you prefer, they will also be able to open and pour your wine for you and your guests.

Can I take my unfinished bottle of wine home with me?

Yes, provided that one of the service staff re-seals the wine bottle for you before you leave. If you are departing in a car, you must ensure it is not readily accessible to anyone in the vehicle while driving. (Store it in behind the seat or in the trunk.)

Where am I able to enjoy my bottle of wine or spirits from my locker?

The Grill, the Member's Lounge, Cuvée, and 1892. Bottle service is not permitted in private function rooms unless a steward is hired for the event.

I love Cuvée and spend a lot of time in this space. Can I continue to keep my bottle behind the bar?

Yes, you may keep your bottle of spirits behind the Cuvée bar. You may also ask one of the bartenders to make a vodka or gin martini with your bottle. Please note there is a \$3.50 cocktail prep charge for that service.
